The figure displays a series of 50 fluorescence microscopy images arranged in a grid, showing the development of a zebrafish embryo. Each image is labeled with a timestamp and a developmental stage abbreviation. The stages include:

- sir** (Spherical Intermediate Stage)
- sph** (Spherical Stage)
- col** (Cylindrical Stage)
- pit** (Pit Stage)
- bir** (Bilateral Intermediate Stage)

The images show the progression from a single cell to a complex, elongated embryo with visible internal structures. The timestamps range from 21:27:56:59 to 21:27:59:47.
