The figure displays a sequence of 100 small images, arranged in a 10x10 grid, showing the progression of a biological process over time. Each image is labeled with a time stamp in the format '20:1:41:38', where the first three numbers represent hours, minutes, and seconds, and the last number represents a frame or time unit. The images show a developing structure, likely a zebrafish embryo, with various stages of growth and differentiation visible. The labels are as follows:
