The figure displays a sequence of 100 small images arranged in a grid, showing the evolution of a galaxy cluster over time. Each image is labeled with a timestamp in the format '12:58:MM:SS'. The images show the progression of a galaxy cluster from an initial state to a final state, with various morphological changes and interactions visible. The timestamps range from 12:58:20:805 to 12:58:24:775, indicating a time interval of approximately 4 minutes and 57 seconds. The images show the cluster's structure, including the central region and the surrounding galaxies, and how it changes over time.
